The Times job department makes a specialty of printing candidate cards, which we are prepared to furnish promptly, neatly and "right now."

In some manner we are unable to explain the figures in the date of last week's Times became transposed, making it appear "June 61," instead of "June 16." In looking up the date, just transpose the "61" to "16." Errors will sometimes occur, even in the best regulated business.

The cool, rainy weather continues with usual regularity, making the present season unparalleled in lack of growing conditions. But even with such handicaps, crops generally are looking good, and with more sunshine from this time forward, splendid yields may confidently be expected. Even the apparent superabundance of moisture has been well taken care of.

Sheriff J. C. Williams recently returned from Mineral Wells, Texas, where he spent several weeks for the benefit of the baths in those life-giving waters. While he feels greatly benefited, his stay there was not sufficiently prolonged for him to receive full benefit. He expects to return there soon to continue treatment.

The immense tabernacle, built for the Burke and Hobbs revival meetings, has already been proven to be entirely too small to accommodate the wonderful gathering of people, and the work of adding to the size of the edifice is now under way. Hundreds of people, from throughout the county, as well as from points of even greater distance, are now in nightly attendance, coming in scores of automobiles. Those who have been watching the increase in attendance, predict that, with good weather, 10,000 people will be in attendance by next Sunday night. Such interest portends a truly wonderful religious awakening.

Revival Meetings

The big revival meeting, which has been looked forward to for some time by many, with great expectations of much good being accomplished religiously for Farmington, began last Sunday evening with a large attendance, which is increasing with succeeding evening. Rev. Burke and Rev. Hobbs are the preachers, and they come with a reputation for successful work in the Lord's cause.

With them is Prof. H. D. Loos, who has charge of the song service. He has under his direction a choir of many voices, and the melody coming from the great amalgamation of voices bespeaks his ability as a musical instructor.

You are cordially invited to attend these meetings, with the assurance that you will be edified and instructed. It is the desire of those in charge to do you good. Certain it is that they will do you no harm. You may feel that your presence there can do you no good, but it may prove beneficial to others. Come.

Subjects for the next four sermons are as follows:

Friday evening—"How to Get Acquainted With Jesus."

Saturday evening—"Come, For All Things Are Now Ready."

WEBER—GARDNER

The largest wedding of the week was that of Miss Nancy Winston Gardner and Judge Kossuth C. Weber, which was solemnized on Wednesday evening, June 21, at 8 o'clock, at the residence of the bride's parents, Judge and Mrs. W. A. Gardner, Rev. Warner DuBois performing the ceremony.

Miss Gardner looked beautiful and dainty in her bridal robe of tulle and silver lace, and she carried a shower bouquet of white roses and lilies of the valley. Her veil was fastened with a wreath of orange blossoms. Mrs. Frank Weber was matron of honor, wearing a lovely pink taffeta and lace gown, and carrying sunburst roses. Both the maid of honor, Miss Katherine Gardner, and the bridesmaid, Miss Ruth Hammond of Chicago, wore similar gowns of sunburst taffeta and gold lace, and carried bouquets of sunburst roses. Dr. Frank Weber, brother of the groom, was best man.

Hudson and Miss Juliette Sharp of St. Louis.

The bride's going-away gown was dark blue serge with hat to match. Mr. and Mrs. Weber have gone to Colorado for a short visit.

RHOADS—BUTTERFIELD

The wedding of Miss Dorothy Butterfield of Farmington and Mr. Roy Ervin Rhoads of Leadwood was quietly celebrated at the home of the bride's mother, Mrs. Luvinia Butterfield, at high noon on Wednesday, June 21, 1916. Rev. O. H. L. Cunningham performing the ceremony. Miss Ruth Swink played the wedding march as the bridal couple entered the room.

Only the immediate family and a few friends were present. Among the out-of-town guests were Mr. and Mrs. Clarence Rhoads of Bonne Terre, Mrs. B. F. Towl and Master Berryman Towl of Leadwood. Others present were Miss Mary Butterfield, Mr. Fred Butterfield, Miss Leana Cole, Misses Anna and Georgia Westover, and Mrs. O. H. L. Cunningham.

The home was decorated in green with clusters of pink roses. The bride wore a white voile dress trimmed in blue, and later changed for a dark blue silk traveling suit.

Mr. and Mrs. Pearce left on the afternoon train for their home in Terre Haute, followed by the good wishes of their many friends.

RECEIPTS BY THE FARMINGTON SCHOOL OF FINE ARTS

Monday night, June 12th, the department of Expression gave a most interesting exhibition of the work done by Miss Cover.

The dramatic ability displayed by some of the younger pupils was remarkable, inasmuch as there could be detected no difference seemingly even to the very youngest. Miss Cover deserves great credit for what she has accomplished.

In connection with her program, the Philharmonic Society rendered a number of very pleasing orchestral selections under the direction of Mr. Laurence Smith.

As organizer and director of the orchestra, Mr. Smith is deserving of much praise. He has raised the standard of music in Farmington and proved that local talent can be trained to render selections from our best operas in a very creditable manner.

He has been the first to make a successful beginning and we should show our approval by supporting him generously in his future work.

The piano department, under the direction of Mrs. Eisenberg-Beard, presented its pupils in recital June 17th, at the High School Auditorium. A program of unusual merit was presented, and if we are to judge by reports from the audience, the work was carried out in a manner that reflects great credit on both pupils and teacher. We did not expect anything else. Mrs. Beard has long been identified in this community as a thorough musician and painstaking teacher of the piano. To say that you have finished under her, is a guarantee that you know something.

It is to be hoped that the meritorious work already accomplished will be equalled if not exceeded the coming year.

Perhaps Fatal Held For Burglary

News has reached this city of what may prove to be a fatal stabbing affair, which occurred in Marion township Tuesday afternoon, about ten miles north, in the Jaycee neighborhood. Frank Cole is the victim of this regrettable affair, having been stabbed in his left breast, the knife entering the heart cavity. He is now in the Bonne Terre Hospital, with but small chance for recovery. Tom Covington, a neighbor, was the assailant.

The two men, both regarded as splendid citizens, got into a fight over an old grudge, with the above result. The wounded man is about 30 years old, while Covington is perhaps 45. Both have families, and it is the heart-felt wish of the many friends of both that Cole's wound does not prove to be fatal.

SPLENDID OLD LADY

Mrs. M. A. Jackson, mother of Mrs. A. L. Orten of this city, died at her home in Fredericktown on Wednesday night of last week, June 14th, after several weeks illness, of general debility and old age. Mrs. Orten was at her bedside during the last three weeks, ministering to her every want and helping to make her last days as peaceful as possible.

Deceased had reached the ripe old age of 85 years, 5 months and 22 days. Three children survive her, Mrs. A. L. Orten of this city, E. E. Jackson of Fredericktown and J. M. Jackson of St. Louis. All the children and a number of grandchildren were in attendance when the remains were laid to their final rest.

Demand for Better Service

There is a rapidly increasing desire—if not demand—for better service, by the public generally of Farmington and vicinity, from the Electric Railway, insofar as connections at DeLassus are concerned. Entirely too frequently of late have passengers, bound for Farmington, been compelled to wait at DeLassus for an hour or more in order to get a car into Farmington. Even when the hour or more thus wasted is practically immaterial, such unreasonable delay is certainly bad enough, but when minutes are valuable to the delayed passenger, as is very often the case, then such delay should afford reasonable grounds for damages.

It is also noteworthy that the Electric Line attends much better to its Flat River end, where prompt service is always afforded. The attention of The Times has been frequently called of late to this very apparent flaw in such public service, with suggestions that the matter should be taken before the Public Utilities Board. This we hesitate to do, if there is any chance of getting proper service from the Electric Line without such action. But the best interests of Farmington demand that such handicap be removed.

June is a great month when it arrives on schedule time.

Gray's Drug Store at Bismarck

was burglarized last Sunday night, and one Ed Hill is under arrest charged with the crime. It seems that four Elgin watches were among the booty taken. Jerry Leach of Flat River went to Bismarck Monday and while there of course heard of the burglary and of the four watches that had been stolen. Later on his return to Flat River, Hill tried to sell him a watch. His suspicions were aroused and he called in Deputy Constable Richeson and had Hill arrested, who on being searched proved to have three watches about his person. He had sold one to Clay Parker, jeweler, at Flat River. Hill declares that he is not guilty of burglary and larceny, and that a man gave him the watches to sell. Prosecuting Attorney Davis filed an information against Hill charging him with burglary and larceny, and he is held for trial at the next term of the Circuit Court.

PICKED 500 CHICKENS A DAY

If you want the latest word in efficiency in killing and picking chickens are properly dressed does not ex-have taken H. L. Kempton's course in marketing poultry products; at the Missouri College of Agriculture. They dress the chickens by what is known as the dry picking method by which they should with practice be able to learn to pick 500 chickens a day. Each student is given a chance to pick only 20. They cannot all be taught at once so one squad of the class does this work each Saturday morning until all have learned.

WOMAN ON DEMO.

Hats off to a woman who is seeking the nomination for Public Administrator in the Democratic ticket at St. Joseph. The Gazette of that city says Miss Mary A. Williams, the candidate, who now holds the office, is the only woman official Buchanan county has. She is guardian for a number of children, and if Democratic precedents are followed she will be given the chance to run for the office. Miss Williams is now filling the unexpired term of two years of James A. Gibson, who died in office. For several years previous to the death of Gibson, Miss Williams was his office assistant, and she did much of the work. She went into the office, to which she was elected by a large majority, thoroughly familiar with the work, and she has been successful in administering a large number of small estates, aggregating close to \$100,000.
